Nandita Menon

PGDM Media and Entertainment 2025-27

Internships - Prior to WeSchool

Verzeo - Blockchain & Web3 Intern

April 2020 - June 2020

- Explored **blockchain applications** in decentralized systems and cryptocurrency ecosystems.
- Built foundational **decentralized application** (DApp) concepts through project-based learning.

Ammachi Labs - Game Design & UX Intern

April 2022 - Sept 2022

- Designed educational **2D games** to build cognitive skills in children.
- Created wireframes and design flows for the **DIKSHA** initiative (Ministry of Education, Govt. of India) using Figma.

ACADEMIC PROJECTS

Black Fungus Disease Detection

Dec 2022 - May 2023

- Built and benchmarked **5 deep learning architectures** (DenseNet, ResNet-50, MobileNet, EfficientNet, Inception V3) for image-based disease classification, achieving up to **91.23% training accuracy**; deployed the top-performing model via a **Flask web application** for real-time diagnosis prediction.
- Executed **end-to-end ML pipeline development**, data preprocessing, image augmentation, model training/evaluation, and comparative performance analysis to select the optimal architecture for a **healthcare image-classification** use case.

Instructor Aid System

Aug 2021 - Oct 2021

- Co-developed a **Python-based desktop application** (Tkinter, SQLite3) enabling instructors to track student performance, calculate grade percentages, and visualize class analytics via **Matplotlib**, streamlining data management for educators.
- Collaborated in a **5-member cross-functional team** using **UML modeling** (use-case, class, activity, ER diagrams) to design system architecture and database structure, owning end-to-end feature delivery across login, dashboard, and class-profile modules.

SUMMER INTERNSHIP PROJECT (SIP)

May - June 2026

Customer Relationship Officer Intern - Tommy Hilfiger (Arvind Fashions Ltd.)

- Achieved **108.3%** of individual **sales target** in May through consultative, client-focused selling.
- Generated **₹19.25L+ in revenue** over a 52-day internship, driving customer engagement in a premium retail environment.
- Led **CRM-driven tele-clienteling** via **Olabi**, segmenting Silver/Gold/Platinum members to drive record basket density and ticket value during a members-only preview.
- Conducted **basket-density and KPI analysis** (UPT, ATV, ASP) to isolate the impact of clienteling vs. markdown-driven promotions on retail performance.
- Managed **end-of-day financial reconciliation** and visual merchandising during high-volume EOSS sale periods.

SUMMER INTERNSHIP RESEARCH PROJECT (SIRP)

May - July 2026

Algorithmic Transparency and Explainable AI in Resolving the Personalization-Privacy Paradox

- Conducted a **systematic literature review (PRISMA 2020)** of 39 ABDC-rated journal articles on **algorithmic transparency and explainable AI**, applying the **TCCM framework** to synthesize six themes on the personalization-privacy paradox.
- Found transparency's effect on consumer trust is **context- and design-dependent**, not a guaranteed fix, informing a **future research agenda** for privacy-respectful AI personalization.
- Delivered **managerial implications** for data-heavy sectors like financial services, recommending **context-sensitive disclosure design**.

GLOBAL CITIZEN LEADERSHIP

Nov 2025 – Apr 2026

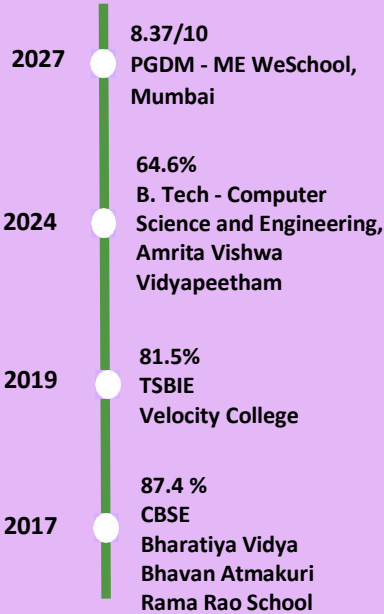

AI in Content Creation and Curation - Digital Dogs Pvt. Ltd

- Researched **AI-driven content creation and curation workflows** for client Digital Dogs Pvt. Ltd., mapping a **6-stage content journey** (discovery to performance measurement) linked to AI tools.
- Conducted primary research by interviewing 15+ content creators and marketers from Nykaa, NODWIN Gaming, and Jio Creative Labs, identifying **fragmented content workflows** as a key inefficiency across the content lifecycle.
- Co-developed "**PostGenie AI**," a proposed end-to-end **AI content co-creation platform** unifying the journey into a single, personalized workflow.

Responsibilities and Achievements (Academic, Competitions, Others)

- IIM Sirmaur - Marketing Bowl 3.0: 1st Runner-Up** - Presented a go-to-market strategy positioning a tote bag as a sustainable alternative to plastic bags.
- IMT Ghaziabad - Brand Alchemy: 2nd Runner-Up** - Evaluated Bata's consumer persona, competitor positioning, supply chain fit, financial performance, and risk profile.
- IIM Indore - Prodysey: National Finalist** - Built a project delivery schedule and used **Jira** to manage task assignment and parallel workflows.
- Senior Committee Member** of Guruvandana - WeSchool's industry mentor engagement initiative.
- SIP 2026 Volunteer**: Managed **on-ground operations** and logistics for new student registration process.

ACADEMIC PROFILE

KPMG Certification:

- Completed a **16-hour Sustainability Certification** with KPMG India.
- Gained **hands-on exposure** to sustainability strategy, ESG frameworks, and data analytics & visualization platform like Tableau.
- Enhanced ability to **integrate sustainability into decision-making, measurement, and reporting**.

SKILLS

Digital Marketing
Artificial Intelligence and Analytics
Excel
Power BI
Python
Machine Learning
HTML/CSS
MySQL
Game Design
